

to work out the final details. We need to make every effort to submit this important legislation to the President promptly enough that the SBIR program and the small businesses that are depending on it are not disrupted.

Mr. UDALL of Colorado. Mr. Speaker, I rise in support of H.R. 2392, the Small Business Innovation Research [SBIR] Program Reauthorization, and urge its adoption.

Mr. Speaker, Colorado is home to many cutting-edge small businesses. As creative as these companies are, they often struggle to come up with the funds necessary to refine their ideas, turn them into products, and to take those products to the commercial marketplace. Along the Front Range of Colorado we have experienced tremendous growth in high-tech businesses during the last decade. I feel that the tremendous high-tech growth we have enjoyed can be directly traced to the hundreds of SBIR recipients working in our region.

The Small Business Innovation Research Program has filed a real need for these companies over the years. Although the main purpose of the program remains meeting the Federal Government's research and development needs, small businesses have turned SBIR-inspired research into commercial products that have improved our economy and scientific advances that have helped to improve the health of people everywhere.

Mr. Speaker, the SBIR program simply seeks to level the playing field for small businesses. Small businesses might not have the colossal R and D departments that some larger businesses have, but they do have the colossal ideas. SBIR makes sure those ideas are looked at and funded.

In addition to SBIR, this bill reauthorizes funding for the Small Business Administration [SBA]. The SBA reauthorization contains funding for primary lending programs, such as the 7(a), 504 and microloan programs. It also includes provisions to authorize and fund disaster loan surety bond guarantees, Small Business Development Centers (SBDCs), the Historically Underutilized Business Zone [HUBZone] program, the National Women's Business Council, the Service Corps of Retired Executives [SCORE] program, and the Drug Free Workplace program. These important programs have played a large role in creating and maintaining this country's unprecedented economic growth.

I urge my colleagues to vote yes on extending these important programs.

Mr. WAMP. Mr. Speaker, I am pleased to rise today in support of H.R. 2392, the Small Business Innovation Research Program Reauthorization Act of 2000. H.R. 2392 would reauthorize and expand the successful Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Programs. The SBIR and STTR program provides over a billion dollars annually in grants and contracts for research and development.

Since the establishment of the SBIR program in 1982, many small, innovative companies have helped change the way we live. While producing everything from medicines and computer applications to toothbrushes and the guardrails on our highways these companies have developed products for the Departments of Defense, Energy, Health and Human Services and National Science Foundation and NASA. Other agencies that participate include the Departments of Transportation, Education, Agriculture, Commerce and the Environmental Protection Agency.

With the reauthorization of the SBIR program, we encourage other agencies to fully use the SBIR and STTR concepts. In the Third District of Tennessee, SBIR is a very important program. The Oak Ridge National Laboratory monitors and works with these SBIR and STTR companies and I congratulate these hard-working federal employees on getting these products out of the lab and into the marketplace. Twenty-five companies have been funded in my home district and nearly one thousand people have been put to work developing these innovative technologies.

The Tennessee Tibbets Awards honor excellence in technical achievement. The SBA has awarded 4 of the 6 of these awards to small businesses in my home district. These companies include: iPIX, Cryomagnetics, Inc., Atom Sciences, and Accurate Automation Corporation.

One of these companies, iPIX, formerly known as Telerobotics International, went public last year. They took camera technology from robots and are now applying this to everything from real estate to 360 degree views of the Super Bowl.

Another company, Accurate Automation, has developed a technology for reducing drag on aircraft. This technology will revolutionize future commercial and military aircraft as well as space transportation.

This year's Tibbets Award winner from Tennessee is Cryomagnetics, Inc. The company is developing a super-conducting magnet that will enable biotechnological researchers to achieve higher resolution measurements.

The General Accounting Office has done extensive studies on the SBIR and STTR programs over the years. Their many reports have found this to be one of the best programs in the country's technology portfolio. Many of these companies are now practically household names like Optiva, Qualcomm and Symantec. All of these companies started out as SBIR technologies.

This reauthorization will have the National Academy of Science examine how the SBIR gets these American-made technologies out of our laboratories and the commercial market place. The National Academy of Science will be looking at an excellent tool for keeping America's edge on the forefront of the emerging global marketplace.

Mr. Speaker, I urge adoption of H.R. 2392. Mrs. KELLY. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. KELLY) that the House suspend the rules and agree to the resolution, H. Res. 590.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the resolution was agreed to.

A motion to reconsider was laid on the table.

□

GENERAL LEAVE

Mrs. KELLY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and to include extraneous material on H. Res. 590.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

□

FREDERICK L. DEWBERRY, JR. POST OFFICE BUILDING

Mrs. BIGGERT. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4451) to designate the facility of the United States Postal Service located at 1001 Frederick Road in Baltimore, Maryland, as the "Frederick L. Dewberry, Jr. Post Office Building".

The Clerk read as follows:

H.R. 4451

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FREDERICK L. DEWBERRY, JR. POST OFFICE BUILDING.

(a) DESIGNATION.—The facility of the United States Postal Service located at 1001 Frederick Road in Baltimore, Maryland, shall be known and designated as the "Frederick L. Dewberry, Jr. Post Office Building".

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the "Frederick L. Dewberry, Jr. Post Office Building".

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Illinois (Mrs. BIGGERT) and the gentleman from Maryland (Mr. CUMMINGS) each will control 20 minutes.

The Chair recognizes the gentlewoman from Illinois (Mrs. BIGGERT).

GENERAL LEAVE

Mrs. BIGGERT. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on H.R. 4451.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Illinois?

There was no objection.

Mrs. BIGGERT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the bill before us, H.R. 4451, was introduced by the gentleman from Maryland (Mr. CUMMINGS). This legislation designates the post office located at 1001 Frederick Road in Baltimore, Maryland, as the Frederick L. Dewberry Post Office. H.R. 4451 is co-sponsored by the entire House delegation of the State of Maryland.

Frederick L. Dewberry, Jr. was born and raised in the City of Baltimore. He received his undergraduate degree from Loyola College and his law degree from the University of Baltimore.

Mr. Dewberry served with distinction during World War II. He became the chairman of the Baltimore County Council from 1964 and was appointed deputy secretary of the Maryland Department of Transportation from 1979 to 1984.

Mr. Speaker, I urge our colleagues to support H.R. 4451 and commend the gentleman from Maryland for introducing this legislation. Mr. Dewberry is most deserving of being honored by having a post office named after him in the city which he grew up in and spent much of his life.

Mr. Speaker, I reserve the balance of my time.
